TWIST

by  alberflex

HUMANIZAÇÃO EM FORMA DE PRODUTO.

Os espaços corporativos mudaram. Aumento de informações, objetos e pessoas, em espaços cada vez menores. Com base nisso a linha Twist foi desenvolvida não apenas com foco em design e usabilidade, o projeto foi guiado pelo conceito de 'humanização'. A Twist se propõe à gerar bem-estar, inspirar a criatividade e garantir o máximo de conforto e conectividade.
